Message from the Convention Chair

The past years have been difficult for everyone. Yet even as we stayed in our homes, we were still able to share experiences with others through the act of watching anime. Anime has entertained us, given us something to talk about, provided new ideas to ponder, and helped us to make new friends and keep in touch with old acquaintances. For some, anime has sparked the determination to travel to Japan once restrictions are lifted (which are happening slowly at the time of this writing). For others, anime has inspired their art, their lifestyle, and their future careers. At the very least, anime has given us something to look forward to every week and provided a small respite from turbulent times.

We cannot underestimate the appeal and influence of anime, nor can we underestimate the fans. Like Japanese festivals, Anime Festival Orlando is a place for the anime community to come together in celebration. It is a place to create friendships and memories to learn something new and to enjoy the atmosphere of a festival, to spend a brief moment in a world of our own making.

Anime Festival Orlando has returned because of you, the fans. Despite the hurdles that faced the convention, we have never wavered in our determination to bring anime fans back together again in the spirit of fun and community. For us, the staff and volunteers, the real treasure has actually been the friends we have made along the way. On behalf of the staff and volunteers of Anime Festival Orlando, welcome to AFO 2022.

Erik Reiss
Anime Festival Orlando Chair
June 2022

Weapons Policy

AFO is requesting that any costumes with weapons as props be registered and peace-bonded if necessary. Weapons are defined as any item that may intentionally or indirectly inflict injury or disturbance, such as guns, swords, staffs. However large wings and oversized costumes may also cause injury or damage so please be aware that a staff member may restrict your entrance to certain areas such as the dealers room, or Video Arcade. Please be aware that any staff member at any time may request to inspect any prop or costume, or ask you to remove any offending item(s). Firearms of any kind are not permitted at Anime Festival Orlando. Please keep in mind that although AFO is the only event at the Wyndham Orlando Resort, during this weekend, we are not the only guests.

Buying Weapons in the Dealer's Room

Any dealer selling bladed weapons will be instructed to secure the article in a sealed box. The purchaser is responsible for removing the item immediately from the convention space. Please lock it in your vehicle or your room. Convention staff cannot be responsible for holding items for you.

COVID 19 and Mask Policy

As we have from the beginning of the pandemic, we are actively monitoring the situation with COVID-19. Our top priority for the convention is the safety of our attendees, volunteers, staff, and guests.

Anime Festival Orlando will be taking place in Orange County, FL., which does not currently have a mask mandate. However, based on recent COVID-19 numbers in our area, our attendees must wear masks when inside of event rooms where a badge or wristband is required, such as panel rooms, the dealer room, game rooms and other event spaces. Masks are also encouraged when walking around the hallways between events. If you are unvaccinated, we do ask that you wear a mask at all times to protect yourself and others around you.

You must wear a mask at all times when in the guest signing area and during any guest meet and greets. If you do not have a mask, one will be provided to you.

The Wyndham Orlando Resort will be conducting frequent cleaning procedures and providing several hand sanitizer stations throughout the resort and conference spaces. You are encouraged to use these, as well as washing your hands frequently, especially after touching things. Please try to maintain a safe distance between yourself and others when possible.

If you're not feeling well or if you believe you have been exposed to COVID-19, please stay at home. Keep in mind that going to a public venue like the Wyndham Orlando Resort does give you an inherent risk of contracting COVID-19.

Each attendee must confirm the following before attending:

You are not feeling sick or experiencing flu-like symptoms such as fever and/or

Cough

Shortness of breath or difficulty breathing

Chills

Muscle pain

Sore throat

New loss of taste or smell

You have not been in contact with someone with known or suspected COVID-19 symptoms

You are not under any self-quarantine orders

If you cannot confirm all of the above, you must refrain from visiting. For more information, please visit the CDC's page on COVID-19 prevention [here](#).

This is our policy at this time. However, we reserve the right to change our safety policies depending on the situation with COVID-19 closer to the time of the event.

Tales of Orlandia

Tales of Orlandia is an Interactive Convention Experience that you can only find at Anime Festival Orlando. During AFO, attendees can become players in a weekend long MMO-style game whose results are determined by the players. Players start the game by choosing a faction to play for. Factions are represented by a variety of Non-Player Characters with causes to fight for in our Tavern. Players can battle for the glory of their faction in a variety of ways, from arm wrestling and dance offs to our custom collectible card game Warriors of Orlandia.

Warriors of Orlandia is a proprietary card game brought to you by Anime Festival Orlando. It can be played anywhere and enjoyed by all ages and all skill levels. If you're a seasoned gamer or brand new to this gaming thing, Warriors of Orlandia can be learned in about 10 minutes. The average game takes about 5 minutes to play, so it's perfect for those times in between convention events. A variety of game modes and deck building strategies allow for satisfying gameplay for all skill levels. Warriors is an expandable card game as well. All the previous sets use the same engine so any card from the previous sets can be used in your deck. If you want to be a Pirate with a Samurai sword, rocket boots, and a chainmail bikini; this is the game for you.

You'll get a free starter set, when you register in the Tavern and you can earn all of this year's cards by playing the game and participating in the Orlandia experience. Tutorials are available all weekend in the Tavern and at panels every day of the convention! We have several tournaments each year with a variety of prizes including passes to next year's AFO, custom Warriors of Orlandia wooden play boards, and the chance to create your own card to appear in next year's game! When you get to AFO, stop by the Tavern and pledge to a faction. Then choose your character and start building your card collection!

Adventurers Wanted

Welcome Brave Souls! Welcome to the kingdom of Orlandia. Adventure can be yours if you see an attendant in the Tavern at Anime Festival Orlando. Orlandia has been host to many different adventures over the last 12 years, at Anime Festival Orlando. We've seen a fairy tale kingdom split apart as two heirs to the throne fought a War of Talons. Later an accident caused the capital city to be flung into the sky so that it hovered above the kingdom giving rise to an age of airships and sky piracy.

Alas the city fell, literally. The resulting cataclysm created a post-apocalyptic landscape where anarchist Jesters, and brave resistance fighters battled the forces of the Empress for control of the land. Using a Space-based laser cannon, the Jesters turned the land to ash. Rising from those ashes The Wylde Wood, the magical forest on the outskirts of the kingdom, overgrew all that was there. It gave rise to mutations and new species, which flourished in this new landscape. The NuHelix corporation, tried to exploit these creatures in its quest for more Khaz and influence.

The adventures continued into the far future where the Rocket Rangers of Astro Force Orlandia moved into space and fought the dreaded Felixian Empire, a race of cat people from Mars. Further out in the solar system, many years later, a new asteroid field was discovered to be full of Khaz, and a new Khaz rush was on. Space Cowboys and the military clashed over control of this new rich find.

Far back in Orlandia's past, the early tribes that first settled there, The Ravens, Wolves, and the Bears fought a battle on many fronts against an ancient Goddess and her army of the undead.

In the future a mad scientist found a way to crack into the Multiverse and manipulate various timelines to save a loved one taken too soon. The peoples of various eras had to work together to stop this insane Crisis on Infinite Orlandias. On a smaller scale an army of ghosts tried to invade Orlandia, only to be stopped by teams of brave High School adventurers and their School Spirits. While exploring the Seas of Orlandia. We discovered a mysterious storm shrouded island and the treasure of its secretive inhabitants. Then came the Syndicates of Cyber Orlandia.

This year, visit the Festival of Peace! Three factions participate in friendly competition for a kingly prize! Celebrate the 100th anniversary of the end of the War for the Wyldewood!
